Drama Queens of Queens

Someone is hosting a party, and he invited his friends from different neighborhoods all over the borough. Each is a drama queen in their own way, and they're always late due to traffic at the intersections, even though they try to avoid them.

Use this actual map of Queens, New York City and the descriptions of the people below to figure out who is hosting the party.

The host's house is nestled in an elevated copse.
Rudolf annoys everyone by playing the piano.
Kristofer frustrates everyone by defending the
artistic genius of the Transformers movies.
Josephine gets drunk and spends the whole night
in the toilet.

Randy drinks only Mexican beer, and never
removes his sunglasses.
Dante laments *Community's* cancellation, yet always
gets names from it slightly wrong.
Cynthia is really Goonie about her hometown.
Diego won't stop singing *Billy Jean* in an awful
soprano.
Amon always hangs out outside, leaning on a tree.

Duke is the Original Only Organic gas bag.
Albert's life is just perfect in every way.
Maurice doesn't bother to change after teaching,
so gets chalk dust everywhere.
Shaniqua is pretty, yet always brings a beastly date.
Treven think he's so cool, running on about his
Olympic bobsled competitions.
Dwayne speaks only in *Simpsons* quotes, ay caramba!
