

Ancient Runes

"See past obscuring connections" is a double clue for both Braille and how to obtain valid Braille, namely by removing the extraneous lines. The words you get are in the "ancient language" Hebrew. The runes decode into "Aleph Tav Beth Shin", which if you google it as instructed ("search"), your top link should be the answer, the ATBASH cipher.

Google this exact phrase of four non-English words together to find their 6-letter abbreviation that is the final answer: A T B A S H
