# Spatial Delivery-Solution

1. Identify the movie from the poster images and taglines, which are all missing the word "space."
2. Match the tagline to the poster.
3. See that a number of spaces have been added at the front or back of the missing "space."
4. Index into the movie title, counting from the or back, depending on the location of the added spaces.
5. Use the order of the posters to organize the letters, which solve to **ENVELOPE**.
