

Sarmassophobia hints and solution

Hint 1:

Try replacing each of the emoji with a word that makes sense in the context of the conversation. Ignore the emojis for now.

Hint 2:

Write out what word each of the emojis represents.

Hint 3:

Each word that's replaced with an emoji is a word that can be paired with that emoji if you add a letter.

Hint 4:

For example, 🏠 wolf should be LONE wolf, and LONE pairs with HOME if you add an A: HOME (A)LONE.

Hint 5:
