Secret Keys

★★★☆☆

"I've solved it! I figured out the key we can use to start Pintcoin," said Bob. "Look:"

K	E					
L	E	H	B	E		E
R	G	I	T	I	H	L
L	E	T		T	H	E
R	E		B	E		L
I	G	H	T			

"That's no good," said Alice. "You can't just *drop a quote* in there and expect it to make a good key."
"Alright, what do you suggest then?" asked Bob.
"Well," explained Alice, "most accounts are *based on 16* key principles — but the most important is a super secure secret key. I'll bet if we can get that right, we can drop the other ones. What should our secret key be?"
