

SEARCHING FOR ARTIFACTS

Weir caught wind of a hidden Ancient artifact and sent you to find and retrieve it, but as usual it's not gonna be straightforward. This is basically a word search, except the words snake around the grid. Circle the letters and connect them with lines. Crossed out letters cannot be used in other words, but the lines can crossover within and between words.

This Month's Theme (8):

Move Upward (6):

One Part of a Font (5):

A British Sweater?(6):

In Mythology, Built a Labyrinth (8):

The Process of Boarding (11):
