Dartboard

Darts is a game of precision.
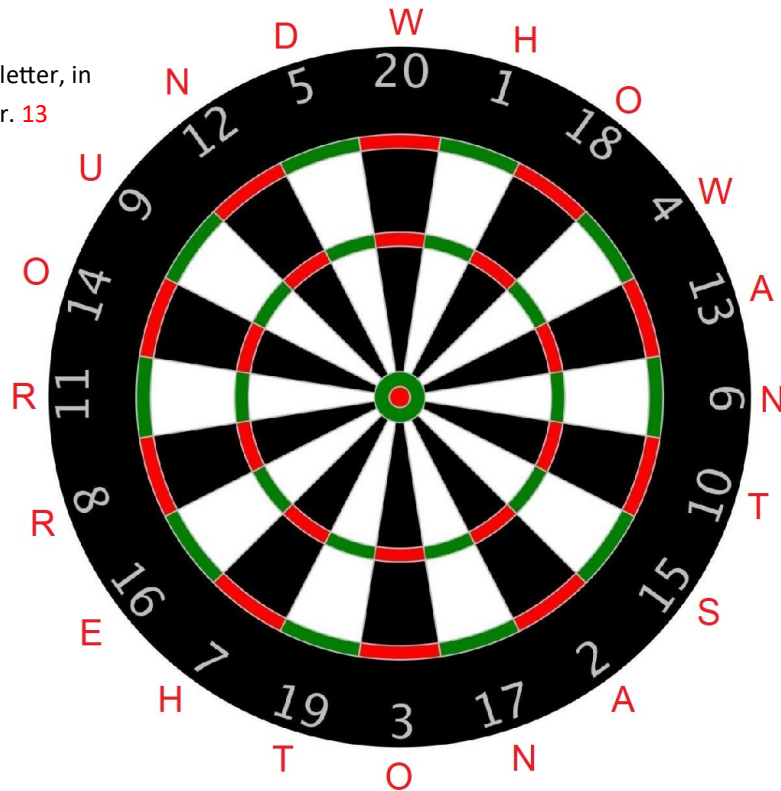

The answer to this puzzle is an appropriate thing to say upon completing Puzzled Pint.

THE RING

A — Place in lower half of target. 2

R — Move clockwise X steps from the previous letter, where the previous letter's number plus X = this letter's number. 8

E — Double the previous letter's number. 16

N — Equal to one of the two digits in the previous letter's number. 6

A — Adjacent to the previous letter, in one direction or the other. 13

PIE CHARTS

D
O
N — Place in four consecutive spaces on the left side of the target, in some order, with the sum of the first and fourth letters equaling the second. 5, 14, 12, 9
U

T — Average of the numbers of the previous four letters. 10

COINS

W
O — Place, in some order, in two consecutive spaces on top half of dartboard. 4, 18

R — Half of the sum of first two letters. 11

T — The previous letter's number plus some number X. 19

H — The third letter's number minus half of X. The previous letter and this letter are adjacent. 7

MOVIE REELS

S — Place somewhere on the right half of the target. 15

H — Take the previous letter's number, divide it by 5, double it, and move that number of spaces counterclockwise. 1

O — Triple the previous letter's number. 3

W — Place diametrically opposite the previous letter. 20

N — The difference of the previous two letters. 17
