

ONE BIG BED

After a long day of adventuring, our heroes collapsed into one big bed, hoping to get a good night's sleep. Since there were four of them, each person slept on **one quarter** of the bed.

After they woke up, they played a game where they each told three truths and one **lie** about where they slept. What did our adventurers get?

| <u>Statement #</u> | <u>1</u> | <u>2</u> | <u>3</u> | <u>4</u> |
|--------------------|--|---|---|--|
| <u>Beverly</u> | I did not sleep next to Moonshine | Moonshine slept in between two people | I only slept next to one other person | Hardwon slept in between two people |
| <u>Moonshine</u> | All of Beverly's statements about himself are true | Hardwon did not lie in his 1st statement | I slept next to Balnor | Hardwon did not sleep next to Beverly |
| <u>Hardwon</u> | I slept next to Beverly | Moonshine lied in her 2nd statement | Beverly slept next to Balnor | Balnor did not lie for his 4th statement |
| <u>Balnor</u> | I slept next to Moonshine | Hardwon slept on the far-left side of the bed | Beverly told the truth in his 4th statement | I slept next to Beverly |
