

# PAW PAW'S COURT SETTLEMENTS

Paw Paw Gump is an adorable little opossum who is Moonshine's furry companion. Paw Paw also happens to be an experienced lawyer who has litigated several successful trials.

However, if his clients can come to an agreement with the opposition outside of court, he would much rather have them settle. Paw Paw's in trouble, though - he's forgotten which opposition his clients are facing! Help his clients **come together in the middle** with the correct opposition to discover what they must do to settle.
