

Riley takes your feedback in stride, and as they are ordering a new drink, a new person comes up to you. "Hey, I couldn't help but overhear the argument you were having over units of measure, and can I point out that the metric system is much better? You memorize the prefixes, and everything else is good to go!" How do they feel about your system and Riley's system?

Drink Menu

- menstrual pains
- what you might get from a lawsuit
- searches deeply
- fireplace
- someone whose name starts with "Sir"
