# Simon

The game Simon is all about remembering how the colors link together and knowing what comes next.

- Someone keeping track of how many podded vegetables are used
- Cowardly way of expressing yourself in movement
- Where the people who receive soccer warnings have to sit, shuffle, and deal
- Professional needed after celebs strut their way into the Oscars with muddy Pradas
- Clavicle that does manual or trades-related work
- Business loss or debt that you put in your printer
- Disruptive brightness in the night sky caused by a 'stop' signal
- It keeps matcha snug and warm in the pot
- USB device for storing information about becoming a top-notch gardener
- Observing the largest animal on the planet
