

3. Unleash Your Solving Potential (1/2)

Dr. Puzz has been busy promoting his new PuzzlTein™ Bars that claim to improve solving abilities. You're skeptical: puzzle-enhancement supplement bars? What's next—hint mints?! He offers to show you the results of his research as proof. "While experimenting with optimal PuzzlTein intake sequencing per bar, the reviews from testers (next page) correlated exactly as expected!" Dr. Puzz still seems a little **shifty**, but you agree take a look yourself. Each bar was consumed left to right, with the PuzzlTein strengths per square indicated, but some of the data appear to be missing.

3. Unleash Your Solving Potential (2/2)

"Amazing at first but just got worse and worse. Ended up distracting my team more than helping." -Sarah **X**.

"At the **start of each month** I look forward to the upcoming Puzzled Pint. This will help **spell** more success for our team!" -Liam **Z**.

"Constant benefit from start to finish." -Fatima **M**.

"Did better than expected on some puzzles, worse than expected on others. Overall didn't seem to make much of a difference at all." -Michael **T**.

"I can usually only focus on one puzzle at a time, but tonight I was consistently able to double up!" -Mia **I**.

"I couldn't get over how odd it tasted." -Jade **C**.

"It bothered me that each piece was almost (but not quite) perfectly square." -Yusuf **J**.

"It definitely helped, but to seemingly random extents. Tasted vaguely like pie." -Sofia **O**.

"It was almost two powerful!" -James **B**.

"My teammate and I shared the bar but had very divergent experiences. She did increasingly better and better over time while I just did worse and worse. Total scam." -Ursula **K**.

"Terrific treat! Entirely tolerable texture. Intensely terrible taste though." -Ayesha **V**.

"WOW! Maybe Rome could have been built in a day if they had had these bars." -Hana **W**.
