

Location: Eagle Eyes

Sarah was asked to be a judge at a local nature club's **first** bird-watching competition and was introduced to James, the **second** judge. They've each got a list of names along with the number of different birds each person has identified. While accounting for the fact that some birds are more **well-known** than others, how can Sarah and James evaluate the competitors?

<u>Sarah's Birders</u>
(6) Jack
(7) Sheryl
(8) Tony
(9) Taylor
(15) Florence
(9) Frasier
(9) Larry
(8) Aubrey

<u>James' Birders</u>
Luther (11)
Gatsby (4)
Williams (2)
Symone (4)
Graham (8)
