ENDANGERS

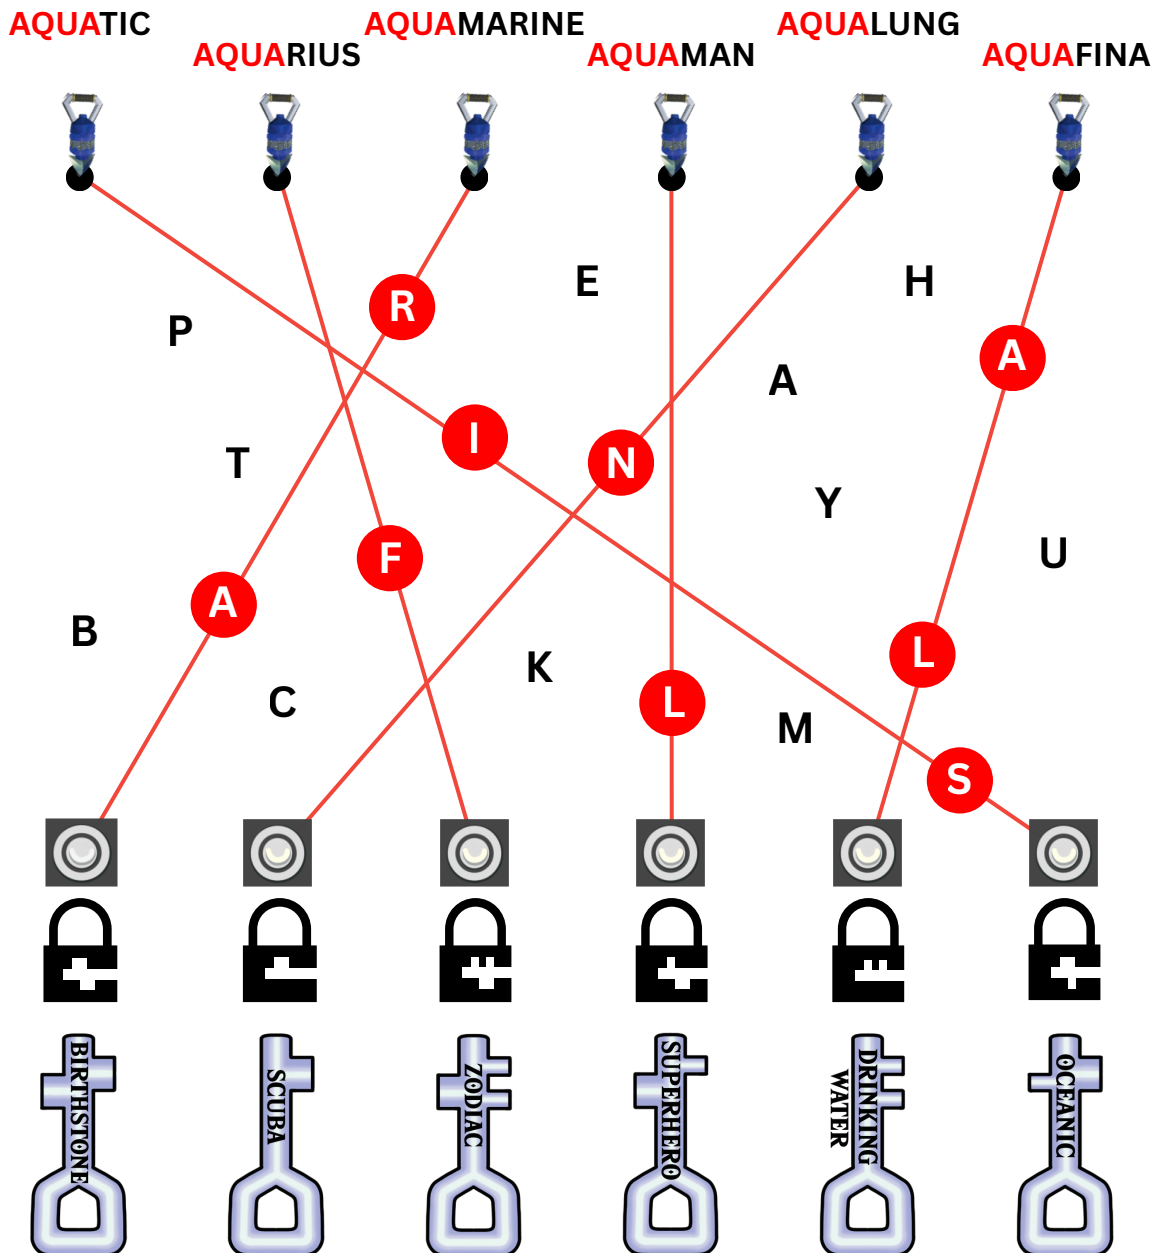

The answer to each clue can be obtained by adding either BURN, CHAR or ASH to one of the Keys. These answers have the same number of letters as the associated Goron's name. Taking the shared letter gives the extraction.

STEWSONIT

When the prefix AQUA- is added to the words at the top, they can each be matched up with one of the Keys. The shape of the Keys can be used to assign each Key to a slot on the bottom. Connecting the pairs and reading the intersected letters from top to bottom gives the answer.

INSIDE JOB

Find the six Key words which fit, one per line, in the grid. Then, solve the mirror puzzle, according to puzzle instructions.

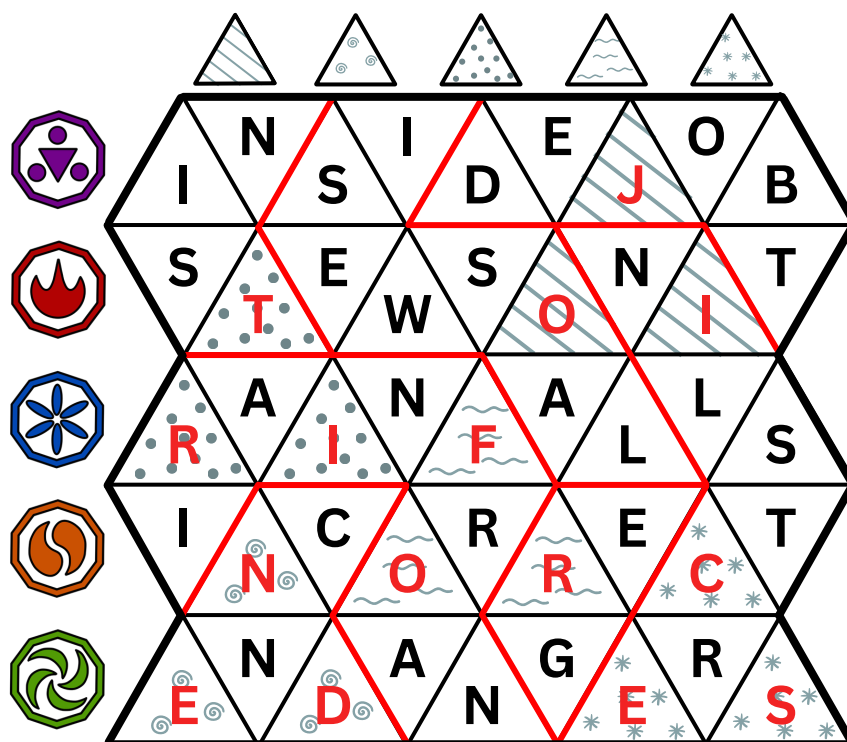

Read the letters represented by the mirror locations for the answer.

INCORRECT

Cut out the shapes and assemble them so they fit in the outline. The patterned triangles should form Triforces - just like the logo next to the words Puzzled Pint in the top left. Add the answer from each feeder Temple to the corresponding row.

Read each Triforce anti-clockwise starting at the top in the order given by the battlements at the top.

SOLUTION

The column containing the Master Sword can be filled in with a letter such that a flower is hidden in each row. Read these letters down to find the cluephrase: NOTICE ALPHABET AND LOOK RIGHT.

Take the letters to the right of the each row's letter of the alphabet to extract the answer cluephrase: TRY MUMS THE SWORD AS THE ANSWER.

MUMS THE SWORD

Resolutions - solution

As 2025 draws to a close, you consider perhaps it's time to start your list of New Year's resolutions. There's a lot to put on that list! First and foremost, it's time to get rid of all that accumulated "stuff." You've got twelve rooms in your house; each one contains something or other that needs to go! (And although it appears to be a random arrangement of things, the puzzler in you is all but certain it is not.) Getting rid of stuff is hard, but you make a plan: **As soon as you see it, throw it out!** And then there are your goals of getting more exercise, calling your dear mother more often, spending less time on YouTube... Your list is getting longer and longer, and it seems like an uphill battle. We all know what the real challenge is with any New Year's to-do list...

TIMERS

The words that correspond with the twelve figures are shown above – alphabetized to help solvers. These must be “thrown out” (subtracted), one from each of the “twelve rooms” (monthly solutions) to reduce them to letter chains, each of a unique length: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 & 14. These subtractions are shown below. When these letter chains are placed in the grid, the bolded letters spell out READ DIAGONAL. There is only one continuous diagonal, and its letters read “uphill” (bottom to top) give the solution: **DOING EVEN ONE**
