

BRASS

The trumpet player needs help! He's forgotten how to play all the right notes. He knows that he can blow any **vowel** in the mouthpiece on the left side of his instrument, and use the valves to **mix one of two** sounds at every junction. The note that comes out at the end is a **blend** of all the paths the sound took on the **five paths** going **up or down** along the way.

What issue is he facing?

1. Said a bad word
2. Makes a change to
3. Doctrines, as Assassins might have?
4. Relating to brain cells
5. Mysterious and obscure, as in magic
6. Pursued at speed
7. Like a graph without curvature
8. One after another, as podcast episodes might be
9. Half of a deer's headgear
10. Item often paired with a sword
